Summer Edition...

November 2019

Hello Everyone,

This is likely to be the final Pathway for the year. We must give thanks to God for having provided us with the strength, wisdom and guidance to have almost reached the end of our second year of operations.

As I write, teachers are in the final stages of completing assessments and reports and, with the students, are preparing for our end of year presentation and performance evening. This year, our Presentation Night will take on quite a different character with an expanded range of student performances as well as there being an exhibition of a range of some student artworks from throughout the year.

The students are becoming very excited about our presentation night and are working very hard to present an event which celebrates their achievements throughout the year and which showcases the many God-given talents of our wonderful students. The program will be full of colour and will contain a few surprises.

We are all so very grateful to the work being done by Mrs Colla on preparing the student's costumes for the performance and to Mrs Stone who is working hard on preparing the program, certificates, invitations, etc.

We are truly blessed to have such an amazing team of talented people working with our students.

## Presentation and Celebration

**When: Tuesday 10<sup>th</sup> December**

**Start time: 6pm sharp**
